

I am disgusted that Sinclair Broadcasting first refused to air an episode of ABC's Nightline honoring our fallen heroes in Iraq because they deemed it to be too political, yet now they are pre-empting popular prime-time programming to run a blatantly one-sided anti-John Kerry political smear infomercial. I am writing this complaint because I do not believe Sinclair Broadcasting is worthy to have access to the public airwaves. Enough is enough, this corruption must stop. Please do whatever you can with my tax dollars to ensure that Sinclair is hindered, limited, blocked, and revoked at every opportunity. End Sinclair's growth, and demand accountability. Pull the plug!
